Dear All

The maintenance portal is updated with the October Accounts. Kindly pay your dues by mid next week. We will have to clear the cheques latest by Nov 15th.

Water On portal is disabled due to non-payment of fee. So, as last 3 months, i have continued with the running average numbers.

Once I pay the dues this month by 15th Nov, the portal will be opened for use. So, from next month, you will be charged based on actual water meter readings.
